MYP III: September 2014 – June 2015

Learning Alliance strongly believes in ensuring that all doors remain open for its students: may they choose to go abroad or stay back in Pakistan for their higher studies. Most of the top universities in Pakistan are accepting IB equivalence as IB MYP is recognized by the **Inter Board Committee of Chairmen (IBCC)**, a committee run by the Ministry of Education, Pakistan. However, there are still a few professional colleges (especially the state medical and engineering ones) that require students to have taken Cambridge International Examination (CIE) of Urdu, Islamiyat, and Pakistan Studies in order to obtain an equivalence certificate to gain admission. To this end, the syllabus of CIE Urdu & Pakistan Studies will be introduced in Term 1 of MYP III and syllabus of CIE Islamiyat in Term 2 of MYP III. All three of these subjects will continue throughout MYP IV and the first term of MYP V till all LA IB MYP students appear for the CIE in October/November 2016.
