Senior School Principal's Message

The past two years have been extremely challenging, as the world faced a collective crisis of unprecedented magnitude that resulted in a disrupted lifestyle for all. Everyone struggled to resort to the altered ways of survival, and our young students had to navigate through the challenges of an alternate method of learning from the ground up.

Nonetheless, confined to a socially distanced and quarantined living, dictated by Covid-19 SOPs, our students stood steadfast in the face of adversity. This compatibility on the part of the students was instrumental in helping Learning Alliance persistently achieve its commitment of nurturing students' personal and academic growth. Though our students missed face to face interaction with their teachers, the administration took care that the new medium of instruction was not deficit in any aspect.

During the Distance Learning Programme, I witnessed our students and faculty demonstrating empathy, gratitude and kindness towards one another; lifting and building each other's strengths to overcome the many trials this pandemic had conferred on us.

Looking back, I am moved by the resilience, optimism and patience that our students and teachers have shown during these tough times. And now when the students have finally returned to school, they've not only filled the school building with their cheers and laughter, but also our hearts with hope. A hope for a promising future built on compassion, tolerance and unity to combat all challenges ahead.

A Level Programme Head's Message

Dear students, parents and teachers,

Over the past two years our entire school community has had to experience a shift in focus from academics to health.

During this time, we as a school have consciously made the effort to keep health a priority for all our students and teachers, and to play our part in alleviating any unease associated with academic workload, as well as simultaneously limiting the spread of Covid19. This balance has not been an easy task especially for sections that were bound by external examinations, and applications to universities, both local and international, could not be shelved for later. Students have experienced unimaginable stress as have teachers who were learning new and sometimes difficult ways to make this time productive and effective.

While it may be optimistic to say that the worst is behind us, I would urge all students to understand that the A Level qualification remains their stepping stone to a world that is waiting for them and they must find their foothold again and carry forward with an optimistic spirit and renewed motivation.

We must put this loss of time and effort behind us and learn better ways forward towards education, as well as our mental and physical health, for the betterment of our community and environment.

Wishing you all a well earned Summer Break.

Middle School Vice Principal's Message

The last two school years have been far from ordinary. These were sensitive times and maintaining a balance between quality education and character building was a challenge we had to meet. However, we perfected our remote learning programme such that the outcome was productive and was embraced whole - heartedly by our parents and students.

Despite numerous hurdles, we ensured the educational needs of our students were met. Our students and staff have persevered together and grown stronger as a result. The pandemic has also taught our students to be responsible, empathetic individuals and to follow simple precautionary measures to stay safe. A shout-out to all parents who turned their homes into schools during these times and cooperated with us in every way possible!

Moving forward, our students continued to demonstrate diligence, motivation and determination to work to the best of their abilities. At Learning Alliance, we always go above and beyond to certify that our students are exposed to a variety of activities to enhance and enrich their learning experiences. Adhering to the Covid restrictions, our students experienced rich, engaging and well-integrated activities in academics, sports, music and art. It has been a rewarding year — one filled with unprecedented accomplishments by our students who have made us proud.

I am very happy to see that we have reached a milestone through meticulous and unwavering collaboration. It was a strong trio of parents, teachers and students who have made it possible to fight this testing time together.

As our academic year draws to a close, I would like to take this opportunity to wish you all the best for the summer vacation and look forward to welcoming you all back refreshed for another exciting and promising new academic year.

Head Boy's Message

Muhammad Shahroze Khan here, checking in as head student of Learning Alliance for the last time. The past year has been nothing short of perfect. Filled with unpredictable events, unforeseen outcomes, and a big box of beautiful memories that I will cherish for the rest of my life. Throughout this time Areen and I have worked closely with the student body. As a result, we planned, organized and executed exceptional school events, and even re-introduced Learning Alliance's own high school band.

The year has had its ups and downs, as due to Covid-19, events we planned were always at risk of being cancelled due to new waves of infections and sudden school closures. However, we stayed optimistic and along with the entire Student Council's support, we were able to enjoy a very active academic year.

As tiring and demanding as this past year has been, it has given back equal measures of fulfilment and direction. It breaks my heart to say goodbye but it is an honour beyond compare to sign off as the Head Boy of Learning Alliance, DHA.

Shahroze Khan

Head Girl's Message

My journey with Learning Alliance began in 2006 as a Preschooler, not imagining that I would be here sixteen years later addressing my fellow students as the Head Girl of my batch.

Learning Alliance, for me, has been my identity, my second home, an institution that has molded me into the person I am today and I would not change a thing. Over the years we have witnessed several council successes led by our commendable alumni, and this year Shahroze and I were honored to continue the legacy. Our Presidents and Vice Presidents have worked tremendously hard to bring together school events despite the hindrances that Covid19 presented. We were all so proud to bring about a stimulating year.

To my fellow batch mates, I am luckiest to be in your company. To the faculty, I extend my thanks and appreciation for guiding us through it all. To the rising seniors, I wish you all the best, and look forward to all the successes yet to come. Onwards and upwards!

Farewell 2022

Welcome Class of 2023

MUN @ LA

Nathia Gali Trip

Junior School Principal's Message

I am delighted that we are ending this academic year with full student attendance and a surfeit of activities, to say the least.

My message for all teachers and students would be to focus on setting goals for yourself and working towards achieving them with zest, not for the sake of rewards but solely for the sake of learning. It is this intrinsic motivation to learn that will make you reach your full potential. Your motivation will make you resilient and steadfast. It will protect you from losing your way and will act as a pillar of strength that is by your side at all times. This intrinsic motivation will come to you when you are not afraid to experiment, explore and make mistakes. While on this journey, learn to accept and respect who you are and aim to make yourself better. Always remember that there is not one kind of human being that is perfect, we all have a unique potential within us. Search out that potential and take it to the max. The sky is your limit!

Set goals, take responsibility for the consequences, focus, and head out to achieve what you want.

Afshan Mirza

Junior School Senior Vice Principal's Message

I am honoured to be writing this note for my readers. Every milestone of my life has nurtured a sense of achievement and satisfaction in me. It has been a pleasure to have been part of my students' lives, helping them to build their confidence, teaching them to be self-reliant, empathetic and instilling strong moral values in them. Furthermore, inculcating in them a sense of propriety and honesty, respect for each other's views, to be tolerant, to possess a heart that forgives and to have a positive mindset has all been an integral part of my role as the Senior Vice Principal.

This Academic Year has been another challenging year for all of us. Yet, we stood our ground firmly and faced the odds bravely. I do take this opportunity to thank the Learning Alliance parent body for exhibiting faith in our ability to nurture and look after their most precious souls. We believe we have the skill to mould them to be good human beings, excellent global citizens and to stand out as the best, to rise to the fullest and to shine as the brightest. Though we had our moments of trepidation when the school shifted to hybrid teaching, yet we were successful in re-opening the school with full strength. The thought of moving towards normalcy and life once again was a source of great joy for my team and me.

Thus, we were able to carry out several activities which had been brought to a grinding halt due to the pandemic. In this regard, we had a fabulous Bake Sale and the funds raised were directed towards Arthritis Care Foundation (ACF). It was followed by a Reading Week full of activities which culminated with a Character Parade. Moreover, field trips were organized which were thoroughly enjoyed by all and Science Fair was held to give a platform to our budding young scientists to showcase their talent.

In addition to this, English and Urdu debates and Public Speaking sessions were organized. Mental Mathematics Challenge engaged students through teamwork, sharpening their cognitive, gross and motor abilities. Class 1 presentation was a huge success and Class 5 play 'Around the World In Eighty Days' was absolutely epic, working with an amazing team and a brilliant cast. Our fantastic Spring Carnival went extremely well and the children were thrilled to be enjoying different games and activities in the open air.

In the end I hope and pray that the upcoming year is a peaceful and joyful one, which promotes nonstop learning! I assure you, that I together with my team at Learning Alliance will always make every effort to uphold and maintain the trust and faith bestowed upon us.

Saimaa Tariq Sheikh

Junior School Vice Principal's Message

It has been an honour for me to take charge as the Vice Principal of Junior School and work with the most cooperative faculty and an incredible student body in this past one year.

We have successfully sailed through this Academic Year as a brilliant team where we learnt how to face challenges and overcome them effectively. Students were able to resume their activities both indoors and outdoors after a hiatus and it surely brought out all the energy from within us.

My message for all students this summer is to read, relax and stay safe. Cherish books and you will never be lonely, love books and you will have friends for life. May the next year bring us success, joy and peace! Take care, be mindful and stay resilient.
