

LEARNING ALLIANCE FAISALABAD

YEARBOOK

TO THE
EDGE OF AN
INFINITE
UNIVERSE

PRINCIPAL'S NOTE

As we come to the end of another school year, I am pleased by our students' remarkable achievements and want to commend their robust character development throughout.

Our students attended Model United Nations Summits, excelled in public speaking competitions, and represented our school in several national-level events. Their dedication and hard work have been lauded by judges and fellow contestants alike.

The Sports Mega Sportacus event held at our campus was a huge success with schools from across the city participating. Moreover, the display of teamwork and sportsmanship was a testimony to the prospects of our youth as physically active and responsible individuals. My heart swells with pride to announce that our national swimmers' achievements have made the whole nation proud.

Our annual plays mesmerised audiences with exceptional performances showcasing students' creativity and talent in theatre arts. Meanwhile, our Cambridge candidates scored impressive results in both O and A Levels, highlighting our commitment to academic excellence.

The international and national trips provided great exposure and opportunities for our students. They gained a renewed sense of purpose and a greater global perspective that goes beyond the walls of our campus in keeping pace with the ever-evolving academic standards.

My dear students, I would like you to continue embarking upon academic adventures that provide growth opportunities and appreciate learning beyond information dissemination. I am grateful to my team comprising students, teachers and parents for their unwavering support and cooperation, which remains the cornerstone of our accomplishments. Thank you for being an integral part of our school family as we aspire to create bright futures together.

Zaira Malik

SENIOR VICE PRINCIPAL'S NOTE

The theme for this year's magazine is the Cosmic World and I hope it will serve as a source of inspiration to push your boundaries and conquer unknown frontiers. Learning Alliance has always believed in the importance of a broad and deep student experience. From sports and public speaking to presentations and theatre, our students have been able to explore their interests and passions, and it has been wonderful to see them come alive in these activities.

The Academic year 2023-2022 was exciting! Such wonderful opportunities in the co-curricular sphere, alongside our well-known academic programme, are the backbone of the Learning Alliance experience. We are proud of the outstanding O-Level & A-Level results, high achiever Cambridge Learner Awards and the exceptional university placements that our students have garnered. I hope such accomplishments can inspire future academic success in our younger students in years to come.

None of these activities could have been possible without the dedication and hard work of our faculty and parent body, and I am incredibly grateful for their tireless efforts.

As we close this year, it is essential to reflect on the changing global world and what would be expected of our students as global citizens. We wish for them to be critical thinkers and problem solvers while continuing to focus on wholesome emotional development. Such a wonderful but complex, open-ended task can only be tackled with an inspiring curriculum and an understanding of student well-being. In the coming year, our teachers will be adopting more forward-thinking pedagogy and ensuring students are actively engaged in their learning. Well-being underpins achievement and we take pride in working with our students in finding their strengths and becoming confident in their abilities.

Maira Afzal Nadir

VICE PRINCIPAL'S NOTE SENIOR SCHOOL

Another glorious year comes to an end at Learning Alliance, and we have so much to celebrate yet again. Our students never disappoint! The year kicked off in full throttle with a remarkable result by the O & A Level students, and I could not be more proud. We garnered a staggering %53 As and A*s in O Level while the A Level secured a whopping %58 As and A*s. Then followed the year's most awaited event, The Proclamation, a tradition Learning Alliance has adhered to for the longest of time. The students donned medals like no other and the celebrations continued well into the week.

The A Level geared up to create a stir in the city yet again with the third instalment of Learning Alliance's sporting event of the year: Sportacus 3.0. Moreover, we received some stellar performances this year in the school's rendition of 'Rustom and Sohrab', a play by grade VIII and 'Hotel Transylvania', grade VI and VII's annual play. Learning Alliance Senior School gave some stellar results in several domains such as Arts and Craft, Essay Writing, Swimming and Linguistic Abilities. The students stood out among participants from all across the country and made Learning Alliance proud like no other.

Persisting our endeavours to facilitate the realisation of our students' aspirations of gaining admissions to their preferred institutions, I take great satisfaction in sharing that the entire cohort of A-Level class 2023 has secured illustrious placements at universities including Warwick, Imperial College, UCL, University of Toronto, Furman, UNC, and Connecticut College, while some have even acquired %100 scholarships. With profound exultation, I commend this group of A Level students and extend my sincerest wishes for their future accomplishments. In addition to these remarkable placements, during the national calamities, the Learning Alliance students helped collect a significant sum to donate to Akhuwat Foundation for the Floor Drive.

What a wonderful year it has been! I shall always be grateful to our students, parents, and faculty for their continued support in making Learning Alliance Faisalabad a leading institute in the city. Here's hoping we get to have even greater, better years ahead. Wishing everyone a wonderful summer holiday!

Waleed Ahmad

VICE PRINCIPAL'S NOTE JUNIOR SCHOOL

Dear Students, Parents, and Staff,

I am thrilled to express my profound gratitude to everyone who has contributed to the success of this academic year. The students' hard work and dedication have been admirable and have manifested in their academic achievements and extracurricular activities. I commend them for their exceptional flair and creativity, which they showcased during the annual plays and presentations. Moreover, their sportsmanship and team spirit displayed during various sports events were nothing short of exemplary.

This year, we introduced two new after-school clubs: keyboard and taekwondo. These clubs are aimed at enhancing the young learners' skill sets and encouraging them to explore their interests and passions in tandem. The students portrayed a remarkable show of confidence and fluency through their speeches in the Bilingual Declamation Competition. Adding to this, students' participation and demonstration of abilities at various national and international competitions have been a source of absolute pride for us.

The Bake Sale for flood relief was a great success, fostering community giving in our students. Thanks to parents' support and involvement, we achieved significant milestones.

Furthermore, I thank our teachers for tirelessly nurturing our children's talent and imparting valuable education. I hope our students become positive change agents by cultivating diversity, hope, and cooperation through small acts of kindness and respect. Simple gestures like holding doors or helping someone in need, can make a significant impact on those around you and build a strong, flourishing community. Let us work together towards a better tomorrow - one act of kindness at a time.

HEAD GIRL'S MESSAGE

Attaining the position of Head Girl at Learning Alliance Faisalabad is the fruit of persistent toil and commitment ranging over thirteen years. The school's collective efforts, encompassing faculty, administration, and students have surpassed this year. Despite

the challenges posed by the pandemic, we restored normalcy and had a thriving year filled with events, academics, athletics, and fervour, including assemblies, Sportacus 3.0, a semi-formal welcome for freshmen, a Cannes-themed end-of-term party, various junior school events, festivities during the farewell week, culminating in the final Farewell.

Despite encountering numerous challenges, I was confident that we had an exceptional team to support both Zain and me. Our batch delivered outstanding results and is now gearing up to embark on their academic journey toward their dream universities. I extend my heartfelt wishes to each one of them for continued success in the future.

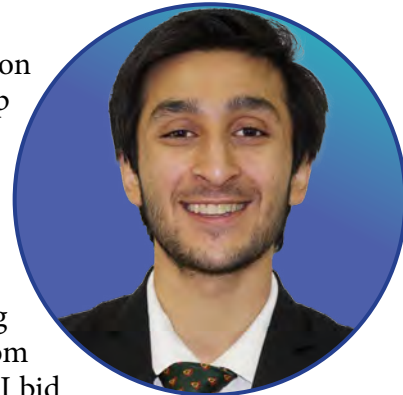

Learning Alliance is a place where individuals from all walks of life come together to learn, grow, and thrive. We all have our unique talents and strengths, and it is important to recognize and celebrate them. I am humbled and grateful to have been given this opportunity to serve our school in our capacities.

To my juniors, I hope you learn from seniors and carry on the Learning Alliance legacy with prestige. Remember, life is valuable but fleeting, so don't waste time living someone else's life. Even if you fail, make the most of your time here. Despite challenges ahead, hold onto hope and keep your light shining.

I want to extend a special thanks to Ma'am Maira Afzal and Ma'am Zaira Malik for their incredible years of support. As we part ways, Learning Alliance will always be an integral part of me; I am who I am because of them!

Muzaina Amir

HEAD BOY'S MESSAGE

As I sit here, reflecting on my journey, I cannot help but feel overwhelmed with gratitude for the opportunities that Learning Alliance has bestowed upon me. Twelve years ago, I was a young student, dreaming of freedom from studies, and today, as I bid farewell to my alma mater, I am filled

with bittersweet emotions, as I am sad to leave, yet excited for new adventures that await me. Learning Alliance has been nothing short of phenomenal, and I am forever indebted to the staff, teachers, and fellow students for making my experience unforgettable. Being appointed as a Head Boy and having the chance to lead by example has been a dream come true, and I am grateful for the opportunities that this role has offered me.

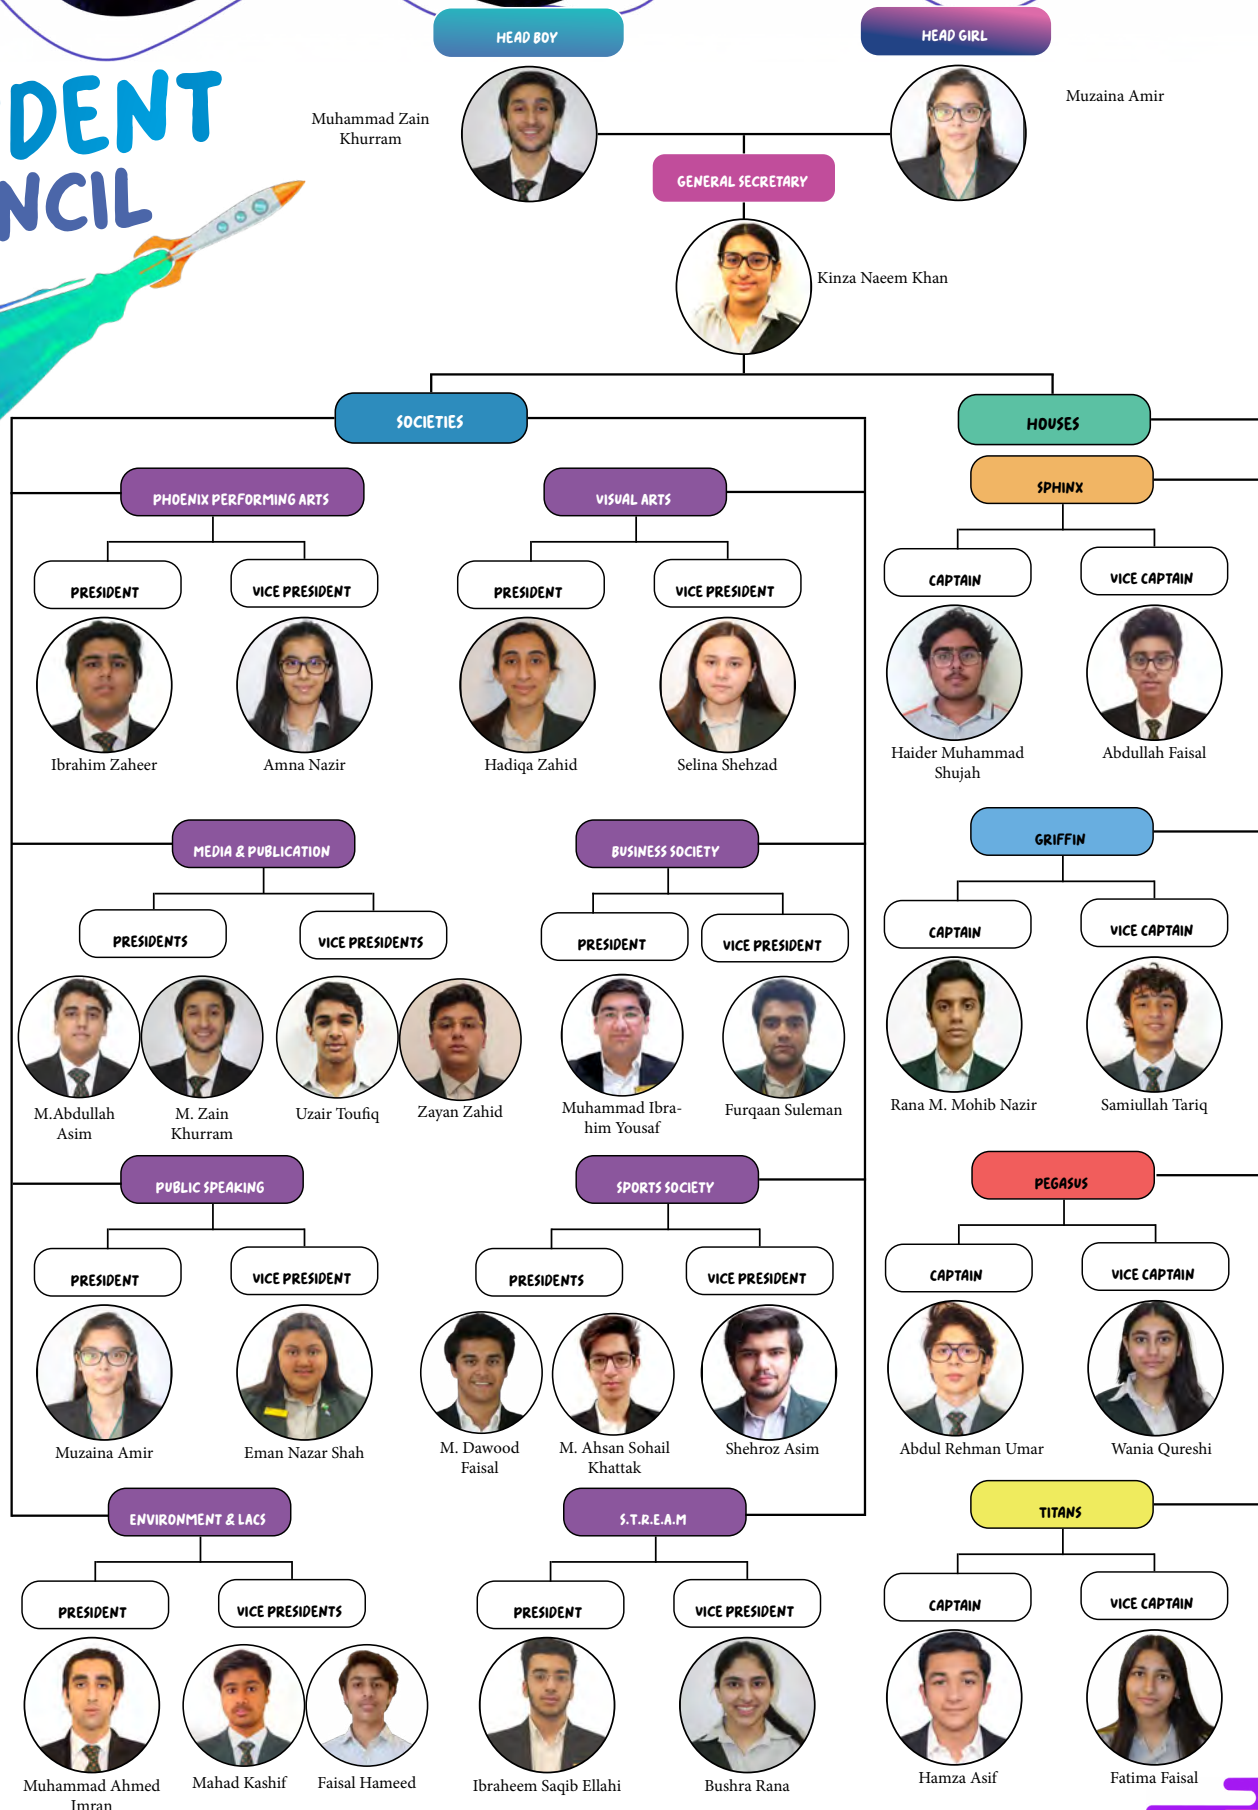

One of the things that set Learning Alliance apart is its commitment to creating all-rounded individuals. Every day, I walked through the school gates, feeling a sense of community and belonging that is hard to find elsewhere. The ethos and attitudes towards school life are there to set us up for the future, and I urge every student to grasp every opportunity that comes their way, regardless of their background or academic standing.

Learning Alliance is not just a school but a home away from home, where we have forged strong bonds with our teachers and classmates. We have watched the school grow from a small preschool building to a stern senior campus, just as the campus has watched us grow from bright-eyed students to budding professionals. Even the smell of fresh concrete and cement at the start of every school semester reminds me of the growth and progress that we have all made together.

As I bid farewell to Learning Alliance, I am filled with a sense of gratitude, pride, and nostalgia. I am honoured to have attended this prestigious school, and I know that the lessons I have learned here will stay with me for a lifetime. To my fellow students, I urge you to make the most of your time at Learning Alliance, seize every opportunity, and make it happen. The future is yours!

Zain Khurram

WELLBEING DEPARTMENT HEAD'S MESSAGE

Inclusivity First

In the modern world, we strive to promote 'inclusivity' during a young adult's phase of social development. We encourage inclusivity and acceptance of people along with their physical, mental, economic, and social differences. Why do we do that, one might ask? Why is inclusivity the core we prefer to focus on?

It is proven that inclusivity promotes well-being, lowers cortisol, and boosts growth not only in the individual being included but also in the people who are included in others. In my belief, from the roots of inclusivity stems the plant of belonging and self-esteem that grows into a mighty tree that is 'exclusive' in its form. The cycle of true exclusivity we might say then, begins with inclusivity. However, sometimes we unknowingly reverse the cycle of nature for our children and ourselves. We promote a sense of being exclusive at an early age, a sense of being different, being better, and deserving more. This feeling of being exclusive separates us from the core human need for belonging resulting in eventual self-doubt and low self-esteem, which could stay with us for the most part of our productive lives.

I call it 'negative exclusivity'. There is evidence of emotional problems directly related to negative exclusivity. Maybe it is time for us to ponder upon the need to seem exclusive, especially as young adults. Maybe it is time to review how this concept could damage vulnerable minds for a lifetime. Let us promote a natural progression in mental growth and learning. Let us follow the pathway nature shows us. Let us work toward 'Inclusivity first'.

Best wishes,
Afshan Mirza,
Head of Student Wellbeing Department

STUDENT WELLBEING DEPARTMENT

Aiza Kamnra
School Psychologist

Noor-ul-Ain
School Psychologist

The well-being of our students has always been at the core of all our learning and teaching at Learning Alliance. The Student Wellbeing Department continues to conduct awareness and development programs in this regard.

This year our focus was on inclusivity and acceptance. To foster these values among the students, the Student Wellbeing Department (SWD) introduced the 'Me to We' program which came from the 'We School' idea. This program was conducted from Class I to Class VIII, where various activities were conducted to create an awareness of what wellbeing is and how it can be achieved in a group and as individuals.

This term, we also conducted a pilot project of wellbeing classes in classes VI to VIII. These sessions focused on healthy emotion regulation and maintaining healthy circadian rhythms along with a practical approach for exam preparation without an element of stress. The SWD aims to make our school environment inclusive and empathetic.
