Principal's *Message*

Dear Students,

As we navigate through the challenges of today's fast-paced and competitive world, we realise how important it is to prioritise our mental, physical, and emotional wellbeing.

We are committed to providing an environment that fosters a culture of care and compassion, as our vision is to develop our students into academically sound and empathetic individuals. The social and emotional qualities, knowledge, and behaviours that you learn in the classroom, not only improve your academic performance, but also set the tone for how you will manage your physical and mental health later in your lives.

It is therefore important to cultivate qualities like altruism, which provide a sense of purpose and meaning, trigger positive emotions, and reduce stress. By helping others, you also help yourselves in creating a positive ripple effect that can reach far beyond the initial act. Hence, I encourage you not to hesitate to extend a helping hand to those around you. Be mindful and alert to spread the element of wellness at your place, your school and the community to which you belong. By doing so you will feel fulfilled and accomplished.

Regards,
Ambreen Ali

A Level Head's *Message*

Dear Parents, Students and Teachers,

This last year can be specially celebrated for its normality and return to a fully functional academic experience. I would like to congratulate the student body on a year full of hosting curated activities and events such as the Sonnu Rehman Junior Debating Championship and the MUN@LA.

Additionally, I admired our students' agency and initiative for the floods of 2022. The Learning Alliance Student Council put together a commendable relief effort for the affected, however it has become more and more apparent that prevention is the route to a safer future. I would also like to take this opportunity to congratulate our graduating cohort on their phenomenal success in this year's admission cycle. We have never been prouder of these young minds.

As I address older and more mature students, I want to pay attention to a few key areas that were brought into focus this year for our school community. The first being the influx of AI run chat bots and the availability of this software to young users. While the debate rages on about potential benefits and forging ahead with increased speed and precision, I feel an alignment with our moral code and ethical action has to become a part of our educational practice of both teaching and learning, so that the technological access we have creates better ways to forge ahead with equity.

Mental wellness cannot be emphasized enough. The pressure and demands of an advanced education can prove overwhelming for some students and statistically mental health issues are likely to be triggered between the ages of 16 to 19 years. Now more than ever, as a school community we need to take care of each other and support students who are feeling that pressure. Having an inclusive approach is a primary step to helping others heal.

Wishing you all a great summer ahead!

Ayesha Mohsin

Head, A Level Programme

Vice Principal's *Message*

Dear Students & Parents,

I would like to take this opportunity to appreciate and applaud the hard work, effort, and dedication our students displayed not only academically but in year-long activities in which they achieved excellence and made our school proud!

The world is changing at an accelerated rate and as a result, challenges and pressures are to be expected. Therefore, our students' social, emotional, and physical wellbeing is extremely important and a crucial part of our education system.

Here at Learning Alliance, we emphasize this significance and offer a variety of co-curricular and extracurricular activities. Through sports, drama, debates and music to name a few, our students can develop their physical health and a positive mindset, ultimately leading them to make better decisions, work well together, increase creativity and accomplish success in their goals.

They have not only made us feel honoured by their accomplishments but have also made us believe that they are capable of taking uphill battles and pursuing the toughest targets till the end. Middle School students were introduced to MUN for the first time this academic year, and the outcome was so outstanding that we ended up participating and receiving awards for two MUNs! We continued to support the students and further cement their academic and co-curricular skills. Our students obtained National level positions in the International Kangaroo Mathematics Contest, International Kangaroo Linguistics Contest and Bulgarian Creative Writing Contest bagging gold, silver, and bronze medals as well as star badges.

We believe in providing students with a steadfast platform for sharing their voices and they made us proud by receiving awards in the WeVoi contest, LACAS Mock Trial and Slam Monologue where they conceptualized and shared their thoughts on the topics provided to them. Sports instill the elements of sportsmanship, tolerance, diligence, and discipline, and students participated in a multitude of inter-school sports activities, receiving trophies in the Boys' Basketball and Girls' Throwball Competition.

Our students will always receive the support, motivation, and guidance they need to face challenges and overcome difficulties. Our aim is for them to develop into healthy, happy, and successful individuals who later become assets for society.

"Just because no one else can heal or do your inner work for you, doesn't mean you can, should, or need to do it alone" - Lisa Olivera.

Wishing you all a happy, healthy, and enjoyable Summer Break!

Wellbeing Department Head's *Message*

Inclusivity First

In the modern world, we strive to promote 'inclusivity' during a young adult's phase of social development. We encourage inclusivity and acceptance of people along with their physical, mental, economic, and social differences. Why do we do that, one might ask? Why is inclusivity the core we prefer to focus on?

It is proven that inclusivity promotes well-being, lowers cortisol, and boosts growth not only in the individual being included but also in the people who are included in others. In my belief, from the roots of inclusivity stems the plant of belonging and self-esteem that grows into a mighty tree that is 'exclusive' in its form. The cycle of true exclusivity we might say then, begins with inclusivity.

However, sometimes we unknowingly reverse the cycle of nature for our children and ourselves. We promote a sense of being exclusive at an early age, a sense of being different, being better, and deserving more. This feeling of being exclusive separates us from the core human need for belonging resulting in eventual self-doubt and low self-esteem, which could stay with us for the most part of our productive lives.

I call it 'negative exclusivity'. There is evidence of emotional problems directly related to negative exclusivity. Maybe it is time for us to ponder upon the need to seem exclusive, especially as young adults. Maybe it is time to review how this concept could damage vulnerable minds for a lifetime.

Let us promote a natural progression in mental growth and learning. Let us follow the pathway nature shows us. Let us work toward 'Inclusivity first'.

Best wishes,

Afshan Mirza,

Head of Student Wellbeing Department

STUDENT WELLBEING DEPARTMENT

Aiza Kamran
School Psychologist

Noor ul Ain
School Psychologist

The well-being of our students has always been at the core of all our learning and teaching at Learning Alliance. The Student Wellbeing Department continues to conduct awareness and development programs in this regard.

This year our focus was on inclusivity and acceptance. To foster these values among the students, the Student Wellbeing Department (SWD) introduced the 'Me to We' program which came from the 'We School' idea. This program was conducted from Class I to Class VIII, where various activities were conducted to create an awareness of what wellbeing is and how it can be achieved in a group and as individuals.

This term, we also conducted a pilot project of wellbeing classes in classes VI to VIII. These sessions focused on healthy emotion regulation and maintaining healthy circadian rhythms along with a practical approach for exam preparation without an element of stress.

The SWD aims to make our school environment inclusive and empathetic.

Head Boy's *Message*

Being your Head Boy this year was an incredible honor, and I'm extremely grateful for the experiences it has brought me. Throughout the year, we've faced challenges, achieved remarkable things, and grown as a community. None of this would have been possible without the unwavering support of our teachers, peers, and the Learning Alliance community.

I wish you all the best for the future. Embrace knowledge, pursue your dreams, and make a positive impact on the world. The lessons we've learned and the bonds we've formed within these walls will shape our lives forever. As we embark on the next chapter, let's approach the unknown with determination, curiosity, and a commitment to lifelong learning. Congratulations to all of you, and may success always be by your side.

Hassan Shakoor

Head Boy, Learning Alliance

Head Girl's *Message*

As the academic year draws to a close, my heart is filled with bittersweet emotions. It has been an absolute honor to serve as your Head Girl and witness the extraordinary journey we have undertaken together at Learning Alliance.

From the moment I stepped foot into this institution 12 years ago, I could never have imagined the profound impact it would have on my life. A place which became home and where everyone became family. Learning Alliance has truly been the backdrop for my formative years, shaping my dreams, nurturing my passions, and molding me into the person I am today.

As I look back, I am overwhelmed with gratitude for the unwavering dedication of our teachers. The friendships we have forged, the laughter we have shared, and even the challenges we have overcome, have all played a significant role in shaping our collective journey. Here's to a remarkable year, an incredible journey, and the unwavering spirit of Learning Alliance.

With profound gratitude and heartfelt emotions,

Irha Hassan

Principal's *Message*

We bid adieu to yet another exciting year which Alhamdulillah went smoothly and has left numerous beautiful memories etched on our minds to cherish and to behold.

I have always held dearly onto our school's Mission Statement which not only emphasizes on helping students to develop intellectually but also believes in the grooming of their personality, making each one of them a responsible and compassionate global citizen, an embodiment of excellence on the world's stage.

Learning Alliance Junior School offers a congenial environment and numerous opportunities which help our students to bloom. We aim to strike the perfect blend between strong academics and co-curricular activities, which are essential for their mental, physical and emotional growth.

I am highly grateful to my dedicated faculty members who have empowered each one of the students, helping them to recognize their full potential, and teaching the right skills to uphold the school's ethos. I also take this opportunity to thank the parents who are an integral part of the school community, for bestowing faith in us and staying connected with us.

Throughout the year our campus witnessed a continuous buzz of holistic activities, unmatched energy, and avid enthusiasm. Classes I - IV performed brilliantly well in their presentations, whereas, class V had a sensational annual school play. Junior School students also participated in English and Urdu debates, and public speaking sessions. Speakers from different walks of life were also invited to share their experiences. I was delighted to see how well the students held informative exhibitions and interactive fairs, pertaining to Computers, Art and Collaboratory to enhance their learning. Sports Days were observed at all levels to help students build up their physical strength and to encourage them to work together in various activities.

I hope and pray the ensuing Academic Year strengthens the students further and teaches them to appreciate diversity, remain more focused, resilient, and respect each other's opinions.

Last but not the least, I wish the outgoing class V every success in all their future endeavors as they embark on a new chapter, moving into Middle School. May the force be with them!

Have a wonderfully relaxing summer break.

Stay safe everyone!

Saimaa Tariq Sheikh

Vice Principal's *Message*

Dear Students, Parents and Teachers,

As the academic year draws to a close, I want to take this opportunity to congratulate you on the remarkable success we have achieved this year. Your hard work, dedication, and perseverance has paid off!

It is a great pleasure to observe that we were able to balance schoolwork and extracurricular activities, simultaneously. The term kicked off with an Annual Play performed by class V, along with various presentations, leading to numerous other activities for all grade levels: Bake Sale, Field Trips, Sports Day, Spring Fiesta, to name a few. Furthermore, children actively participated in several after-school clubs, both indoors and outdoors.

My advice to the students is to never give up on their aspirations; if they persist, they will eventually succeed. The sky's the limit! Assist your peers, be kind to them, and be patient with them. Respect for ourselves guides our morals, respect for others guides our manners.

As you enter the summer months and look ahead to the new school year, I want to encourage you to make the most of your time. Take advantage of the opportunities to read, explore, and grow. You have demonstrated that you are capable of achieving great things when you put your minds to it.

Best of luck for your future endeavours!

Amna Usman
