

INTERNATIONAL BACCALAUREATE

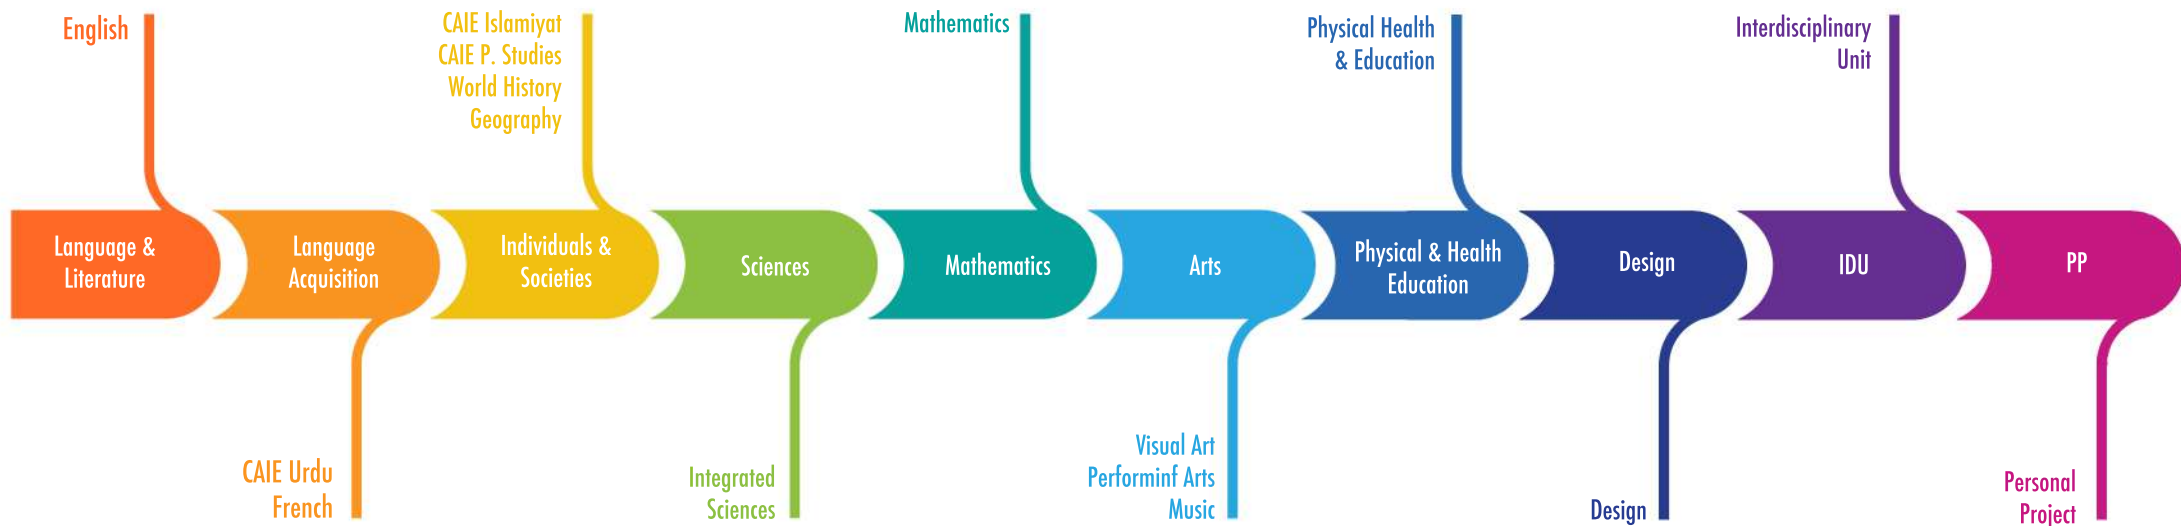

Middle Years Programme

SUBJECT GROUPS

September 2019 - June 2023

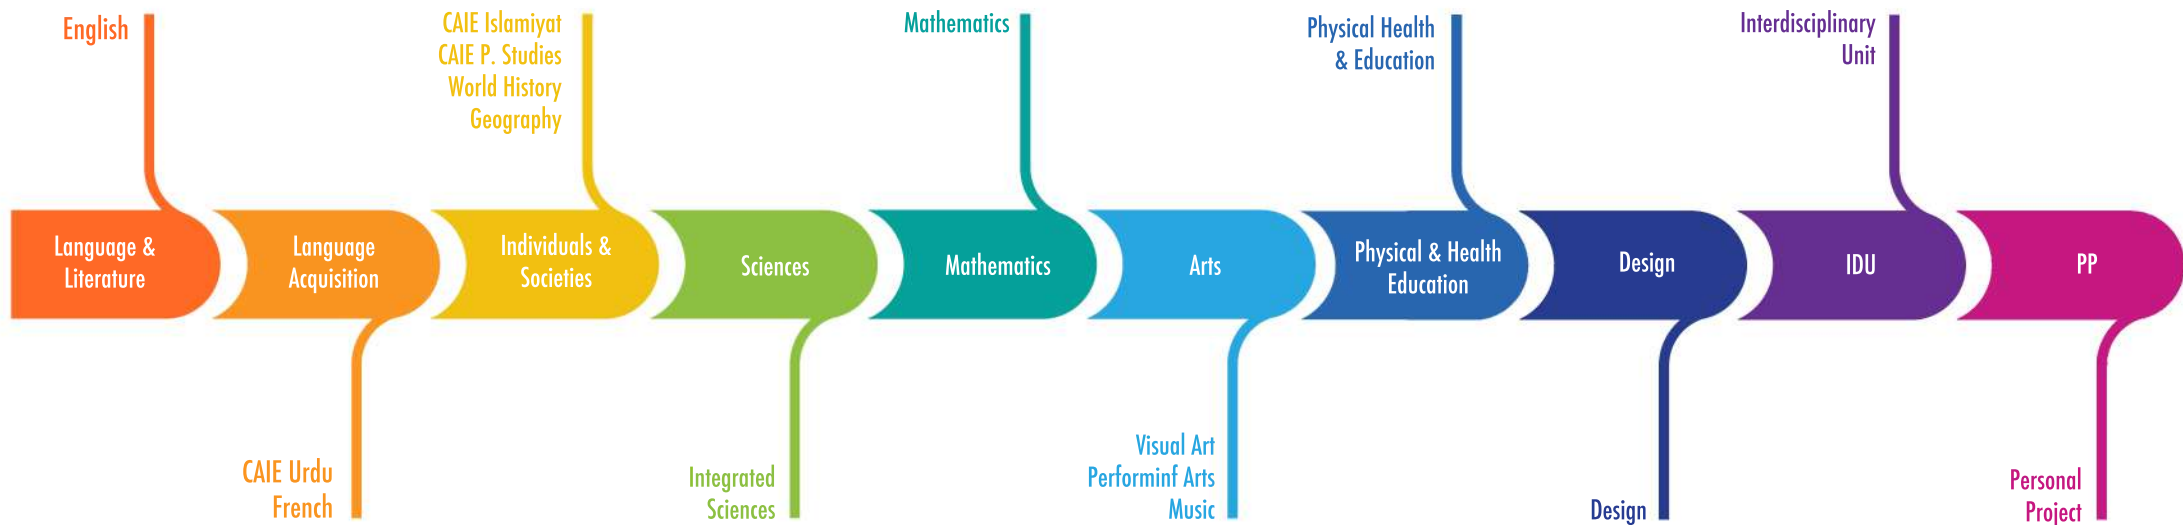

MYP I & II

MYP III

Learning Alliance International strongly believes in ensuring that all doors remain open for its students : may they choose to go abroad or stay back in Pakistan for their higher studies. Most of the top Universities in Pakistan are accepting IB equivalence as IB MYP is recognized by the Inter Board Committee of Chairmen (IBCC), a committee run by the Ministry of Education, Pakistan. However there are still a few professional colleges (especially the state and engineering ones) that require students to have taken Cambridge Assessment International Education (CAIE) of Urdu, Islamiyat and Pakistan Studies in order to obtain an equivalence certificate to gain admission.

To this end , the syllabus of CAIE Urdu, Islamiyat and Pakistan Studies will be introduced in MYP III and all of these subjects will continue throughout MYP IV and the first term of MYP V till LAI IB MYP students appear for the CAIE in October / November 2019

MYP IV & V

The syllabus of CAIE Urdu, Pakistan studies and Islamiyat will continue and students will appear in the CAIE in the first term of MYP V i.e. October/November 2019. Students will be required to choose ONE of the three optional subjects being offered in MYP I-V: Design, Arts and Physical Education. Optional subjects are offered even if there is only 1 registration.
