

SCHOLARSHIPS LEARNING ALLIANCE FAISALABAD CAMPUS

Learning Alliance Faisalabad offers generous academic scholarships to our students of Class VII – A2, and co-curricular scholarships to our students of Class VI – A2. The analysis of student performance is carried out on the basis of their academic/co-curricular achievements.

In the case of students receiving multiple scholarship offers/fee discounts, the one with the higher waiver will be applicable. Furthermore, unforeseen circumstances that result in a School-wide fee reduction will make the scholarship null for that period of time. Students may be issued the full August – September fee bill, and once the scholarship is awarded, allotted amount is adjusted in the October-December fee bill.

Any scholarship, whether academic or co-curricular, is non-transferrable. Students who are awarded scholarships must be vigilant regarding their attendance and discipline in order to maintain the scholarship.

CO-CURRICULAR SCHOLARSHIPS

In order to motivate students to not only maintain a healthy balance between academics and co-curricular activities, but also to strive towards improving their skills and expertise, Learning Alliance has a co-curricular scholarship for students of Class VI-A2 in **CAIE**.

In the case of students receiving both academic and co-curricular scholarship offers, the one with the higher waiver will be applicable. Additionally, students already receiving any kind of other fee discounts are not eligible for the academic and co-curricular scholarships. Furthermore, unforeseen circumstances that result in a School-wide fee reduction will make the scholarship null for that period of time.

Students may be issued the full August – September fee bill, and once the scholarship is awarded, allotted amount is adjusted in the October-December fee bill.

Students who have received a written disciplinary warning in the previous academic year are not eligible to apply. They are also required to maintain minimum passing marks in their academics to continue their scholarship throughout the year.

- The decision is made at the School Board's discretion on voting basis. The decision is final and cannot be contested
- There is no fixed quota of scholarships awarded in this category
- The recipient of the scholarship receives a 25% waiver on their tuition fee
- The scholarship is valid for one academic year only.
- The awarded scholarships will be reviewed in the upcoming academic year, keeping in mind the student's recent and continuous achievements

Co-curricular Categories

Note: This is to act as a guide for the method through which the co-curricular scholarship applications will be analysed. It covers guidelines for student achievements in various fields; however additions to this can be made according to the growing areas in which our students have proven their expertise. The scale and impact of the activity is to be awarded according to the School Board's discretion.

- **Sports and Debates**

The evaluation of candidates with achievements in sports and debates will be analysed according to their consistency in performance at the national and international level competitions and tournaments.

- **Social and Entrepreneurial Initiatives**

Students actively working towards the betterment of society or the environment are also eligible for the co-curricular scholarship, as it depicts their drive to contribute to the wellbeing of others. This may be done through entrepreneurial ventures (e.g. Charity drives, NGOs) or establishing an online platform through which they spread a positive message. Applications belonging to this category will be analysed by the School Board according to the nature and impact of the initiative.

- **Performing & Visual Arts**

Student achievements belonging to this category will be analysed on the basis of their talent and drive towards becoming an expert in the performing arts. The School Board will analyse and evaluate the students on the basis of dramatics, dance, music, or art & design competitions the student has been a part of (and won), their performance in the media or on an online platform.

- **Creative Writing and Journalism**

Students with achievements in creative writing and journalism are also eligible for the co-curricular scholarship and will be analysed according to the consistent impact and influence that the child is able to achieve. This can be done in the form of writing competitions, online publications, or printed material.
